

General Permit Conditions

- This permit is valid for a period given from the date of issue to the date of expiry indicated on the permit.
- No permit is valid during such closed seasons as stipulated from time to time in "this Act" as well as notices issued from time to time.
- Marine resources harvested in terms of this permit shall not be sold, bartered or traded.
- This permit is valid only if the name and identity or passport number of its bearer is inscribed thereon in indelible ink.
- This permit and the identity document must be available for inspection at the time and location where the activity in respect of which the permit is issued is exercised.
- Failure to comply with permit conditions will render permit holder liable to a fine, prosecution and or withdrawal of this permit.

No person shall_

- (a) uproot or pick or collect or in the sea any red bait, but red bait washed -up ashore may be collected
- (b) harvest or collect or disturb any marine invertebrate animal or aquatic plant in any way other than by hand Provided that for harvesting or collecting sea anemones, barnacles, limpets, brown seaweed or red seaweed, an implement, the blade or flat edge of which shall not exceed 40mm in length may be used.

Declarations by Permit Holder

I hereby confirm that the conditions of this permit, the provisions of the Marine Resources Act, 2000 and the regulations and notices promulgated there under have been explained to me and that I understand them. I further undertake to acquaint and update myself with the provision of "this Act" and to carry out all harvesting activities within the provisions of both Marine Resources Act, 2000 and the Regulations, 2001 at all times.
